

Memorial Book

In Loving Memory of

Jordan Ray Cole
(February 20, 2008 - April 14, 2008)

We love and miss you Jordan. Fly high with the angels baby! We will see you when we get there. ♥

After 1 year, 8 months and 13 days, the Honorable Judge A. Moses Massey declared that he would sign the order adding Billy's name to Jordan's birth/death certificates and changing Jordan's last name to COLE. The order was signed November 3, 2009. Finally, Jordan has his rightful daddy and last name. Our little angel can now rest in peace, knowing his daddy NEVER gave up the fight.

*Some only dream
Of Angels,
I held one in my arms*

Welcome to Jordan's Place ♥

We would like to thank everyone for helping us to keep Jordan's memory alive. Please read Jordan's Life Story.

*My little boy is an
angel now...
and all of heaven
is his playground.*

You were in my arms,

now you're in my heart--

As long as I'm living

we're never apart--

One day we'll meet,

we'll sit and talk--

maybe in Heaven

you're able to walk--

You see, when you left,

you were still so small,

never played in the snow,

never threw me a ball--

Here for a moment

but loved for all time--

can't help but feel blessed

because you were mine--

God sent you to me

for a reason I know--

Not for too long,

then you had to go--
An Angel on Earth,
an Angel above,
you left me a memory
of wonder and love--
When I see you again,
I'll hold you so tight,
always my baby, forever my light.

Fly With The Angels

Please light a candle for Jordan. It means so much to keep his memory alive.

*I Miss You Angel
every minute of
every hour of
every day...*

Thank you!

To everyone who has stopped by to light a candle, leave a memory, a condolence or to simply view the page, we thank you. We want to keep Jordan's memory alive forever.

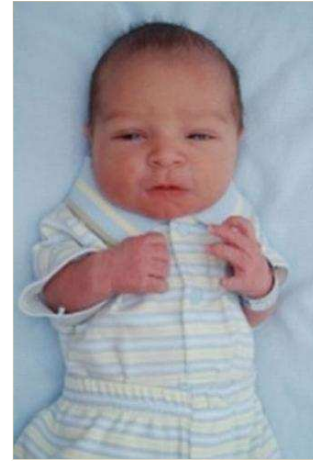

The background is a textured, light brown or beige color. In the upper right quadrant, there are two roses. The one on the left is smaller and more tightly closed, while the one on the right is larger and more open, showing its petals. The roses are rendered in a soft, painterly style, blending into the background.

Dear Lord,
On the most holy day
I thank you for the precious gift
The gift of everlasting life
We need not fear
The darkness of death
For you faced that
Challenge for us
I thank you for your love
And for the suffering you endured
So that I will
One day be with you
And those I love who have gone
Before me.

Memories in my Heart

Within my book of memories,
Are special thoughts of you.
And all the many nice things
You often say and do -

As I turn the pages,
And recall each single thought,

I realize the happiness
That knowing you has brought.

There are memories of happiness
Both bright and sunny days.
There are memories of your kindness
And your friendly thoughtful ways.

There are memories of all the emails,
we send to to each other
A kind word or a silly thought
from one friend to another!!

And when I recall these memories
As I go along life's way,
I find they grow more precious still
With every passing day.

Thank you so much, for all the kind words & beautiful graphics you leave for my Waylon and myself. Each one means so much to me. I keep you in my thoughts, my heart and in my prayers each and every day! I wish you beautiful blessings my Dear Friend! God Bless!

May your skies forever be blue,
and may your stars forever shine true.
May the kiss of the sun protect you from cold,
and light up your way, with fingers of gold.

May the kiss of the moon lull you softly to sleep,
bringing lots of dreams, ever gentle and sweet.
And may your stars forever shine true,
casting silvery magic on all that you do!!

This is my blessing for YOU!!!

Our beautiful angels

January 25, 2010

The memories we hold deep within our heart,
can bring us joy, or tear us apart.
They surface when we're lonely, they make us cry,
As we sort through painful memories, of days gone by.
They can cause such sadness and heartache too,

We even wonder at times if we'll make it through.

The memories are our past, we never let them go,
They are also our future to help us grow.
Memories within the heart, always stay,
But given time, the pain, will go away.

Give yourself the time, for when heartache is real
You need to grieve before wounds can heal.
Then you can look back, once in awhile,
And memories will be there to remember with a smile.

*God Needed
An Angel In Heaven*

When Jesus lived upon the earth
So many years ago,
He called the children close to Him
Because He loved them so.

And with that tenderness of old,
That same sweet, gentle way,
He holds your little loved one close
Within His arms today

And you'll find comfort in your faith
That in His home above,
The God of little children
Gives your little one His love.

So think of your little darling
Lighthearted and happy and free
Playing in God's promised land
Where there is joy eternally.

Hugs & Kisses!!

I Light a candle for Jordan who has left this mortal place.

He is free to travel through time and space.

When we think of him, he is near.

When we sit in a beautiful garden. His voice we hear.

When we listen to a divine symphony,

We close our eyes, His face we see.

Light a candle for he has not really gone.

With each flickering flame, in our hearts he will always belong.

A Thanksgiving Day Prayer

*Lord, so often times, as any other day
When we sit down to our meal and pray*

*We hurry along and make fast the blessing
Thanks, amen. Now please pass the dressing*

*We're slaves to the olfactory overload
We must rush our prayer before the food gets cold.*

*But Lord, I'd like to take a few minute more
To really give thanks to what I'm thankful for*

*For my family, my health, a nice soft bed
My friends, my freedom, a roof over my head*

*I'm thankful right now to be surrounded by those
Whose lives touch me more than they'll ever possibly know*

*Thankful Lord, that You've blessed me beyond measure
Thankful that in my heart lives life's greatest treasure*

*That You, dear Jesus, reside in that place
And I'm ever so grateful for Your unending grace.*

~Amen~

Sleep my child and peace attend thee,
All through the night.
Guardian angels God will send thee,
All through the night.
Soft the drowsy hours are creeping,
Hill and vale in slumber sleeping,
I my loving vigil keeping,
All through the night.

While the moon her watch is keeping
All through the night.
While the weary world is sleeping
All through the night.
O'er the spirit gently stealing,
Visions of delight revealing,
Breathes a pure and holy feeling,

If We Could Bring You Back Again

If we could bring you back again,
For one more hour or day,
We'd express all our unspoken love;
We'd have countless things to say.

If we could bring you back again,
We'd say we treasured you,
And that your presence in our lives
Meant more than we ever knew.

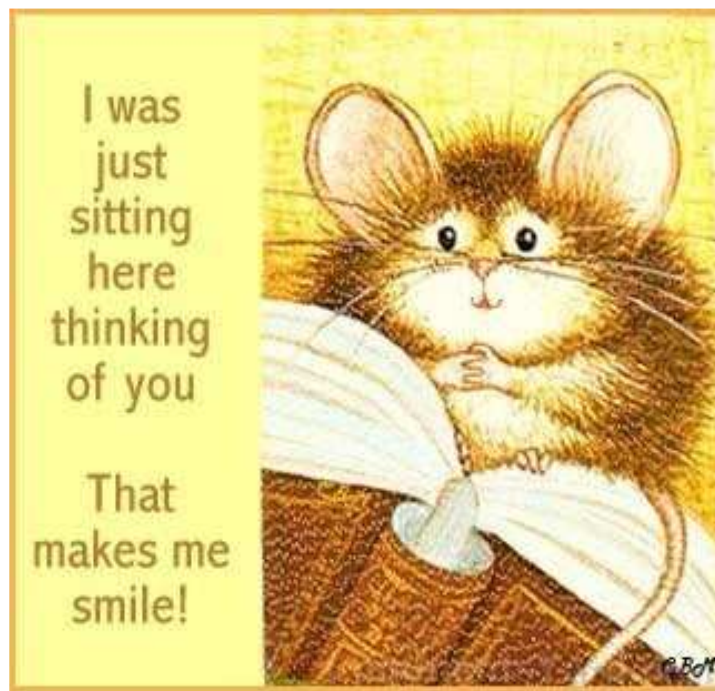

If we could bring you back again,
To tell you what we should,
You'd know how much we miss you now,
And if we could, we would.

A place to be alone.

If I could take your troubles
I would toss them in the sea,
But all these things I'm finding

Light a Candle
by Paul Alexander

And I will light a candle for you.
To shatter all the darkness and bless the times we knew.
Like a beacon in the night

The flame will burn bright and guide us on our way.
Oh, today I light a candle for you.

The seasons come and go, and I'm weary from the change.
I keep on moving on, you know it's not the same.
And when I'm walking all alone
Do you hear me call your name?
Do your hear me sing the songs we used to sing?

You filled my life with wonder, touched me with surprise,
Always saw that something special deep within your eyes.
And through the good times and the bad,
We carried on with pride.
I hold onto the love and life we knew.

And I will light a candle for you.
To shatter all the darkness and bless the times we knew.
Like a beacon in the night
The flame will burn bright and guide us on our way.
Oh, today I light a candle for you.

It's then, once more, that we will be together.....

I'll meet you, just beyond the Rainbows End.....

**We are connected,
My child and I, by
An invisible cord
Not seen by the eye.**

**It's not like the cord
That connects us 'til birth
This cord can't been seen
By any on Earth.**

This cord does it's work

**Right from the start.
It binds us together
Attached to my heart.**

**I know that it's there
Though no one can see
The invisible cord
From my child to me.**

**The strength of this cord
Is hard to describe.
It can't be destroyed
It can't be denied.**

**It's stronger than any cord
Man could create
It withstands the test
Can hold any weight.**

**And though you are gone,
Though you're not here with me,
The cord is still there
But no one can see.**

**It pulls at my heart
I am bruised...I am sore,
But this cord is my lifeline
As never before.**

bonded by our angels

September 16, 2009

Angel Moms/grandmas

We have shared our tears and our sorrow,
We have given encouragement to each other,
Given hope for a brighter tomorrow,
We share the title of grieving mother.

Some of us lost older daughters or sons,
Who we watched grow over the years,
Some have lost their babies before their lives begun,
But no matter the age , we cry the same tears.

We understand each others pain,
The bond we share is very strong,
With each other there is no need to explain,
The path we walk is hard and long.

Our children brought us together,
They didn't want us on this journey alone,
They knew we needed each other,
To survive the pain of them being gone.

So take my hand my friend,
We may stumble and fall along the way,
But we'll get up and try again,
Because together we can make it day by day.

We can give each other hope,
We'll create a place where we belong,
Together we will find ways to cope,
Because we are Angel Moms and together we are strong!

*THANK YOU FOR KEEPING SHAWN'S
MEMORY ALIVE*

August 13, 2009

"How long will the pain last?"
a broken hearted mourner asked me.
I have to answer truthfully.
We never quite forget.
No matter how many years pass, we remember.
The loss of a loved one is like a major operation.
Part of us is removed, and we have a scar for the rest of our lives.
As years go by, we manage.
There are things to do, people to care for, tasks that call for full attention.
But the pain is still there, not far below the surface.
We see a face that looks familiar, hear a voice that echoes, see a photograph
in someone's album, see a landscape that once we saw together, and it seems
as though a knife were in the wound again. But not so painfully.
And mixed with joy, too. Because remembering a happy time is not all sorrow,
it brings back happiness with it.
How long will the pain last?
All the rest of your life. But the thing to remember is that not only
the pain will last, but the blessed memories as well.
Tears are proof of love. The more love, the more tears.
If this be true, then how could we ever ask that the pain cease altogether.
For then the memory of love would go with it.
The pain of grief is the price we pay for love."

July 23, 2009

Life is like a garden
And friendship like a flower,

That blooms and grows in beauty
With the sunshine and the shower.

And lovely are the blossoms
That are tended with great care,
By those who work unselfishly
To make the place more fair.

And, like the garden blossoms,
Friendship's flower grows more sweet
When watched and tended carefully
By those we know and meet.

And, if the seed of friendship
Is planted deep and true
And watched with understanding,
Friendship's flower will bloom for you.

What kind of place would heaven be with all its streets of gold, if all the souls, that dwell up there like yours and mine, were old? How strange would heaven's music sound when harps begin to ring, if children were not gathered 'round to help the angels sing. The children that God sends to us are only just a loan, He knows we need their sunshine to make the house a home. We need the inspiration of a baby's blessed smile. He doesn't say they've come to stay, just lends them for a while. Sometimes it takes them years to do the work for which they come. Sometimes in just a month or two our Father calls them home. I like to think some souls up there bear not one sinful scar. I love to think of heaven as a place where children are.

Memory Can Tell Us Only What We Were
By Richard Fife

Memory can tell us only what we were,
In company with those we loved;
It cannot help us find out what each of us,
Alone, must now become.
Yet, no person is really alone;
Those who live no more still echo
Within our thoughts and words,
And what they did has become
Woven into what we are.

Loved and Missed

June 25, 2009

spicecomments.com

When God calls little children

to dwell with him above,
We mortals sometime question
The wisdom of his love.
For no heartache compares with
the death of one small child
who does so much to make our world,
seem wonderful and mild.
Perhaps God tires of calling
the aged to his fold,
so he picks a rosebud, before it can grow old.
God knows how much we need them,
and so He takes but a few,
to make the land of Heaven
more beautiful to view.
Believing this is difficult still
somehow we must try.

The saddest word mankind knows
will always be "Goodbye."
So when a little child departs,
We who are left behind
must realize God loves children,
Angels are hard to find.

Hugs From Heaven

When you feel a gentle breeze
Caress you when you sigh
It's a hug sent from Heaven
From a loved one way up high.

If a soft and tender raindrop
Lands upon your nose
They've added a small kiss
As fragile as a rose.

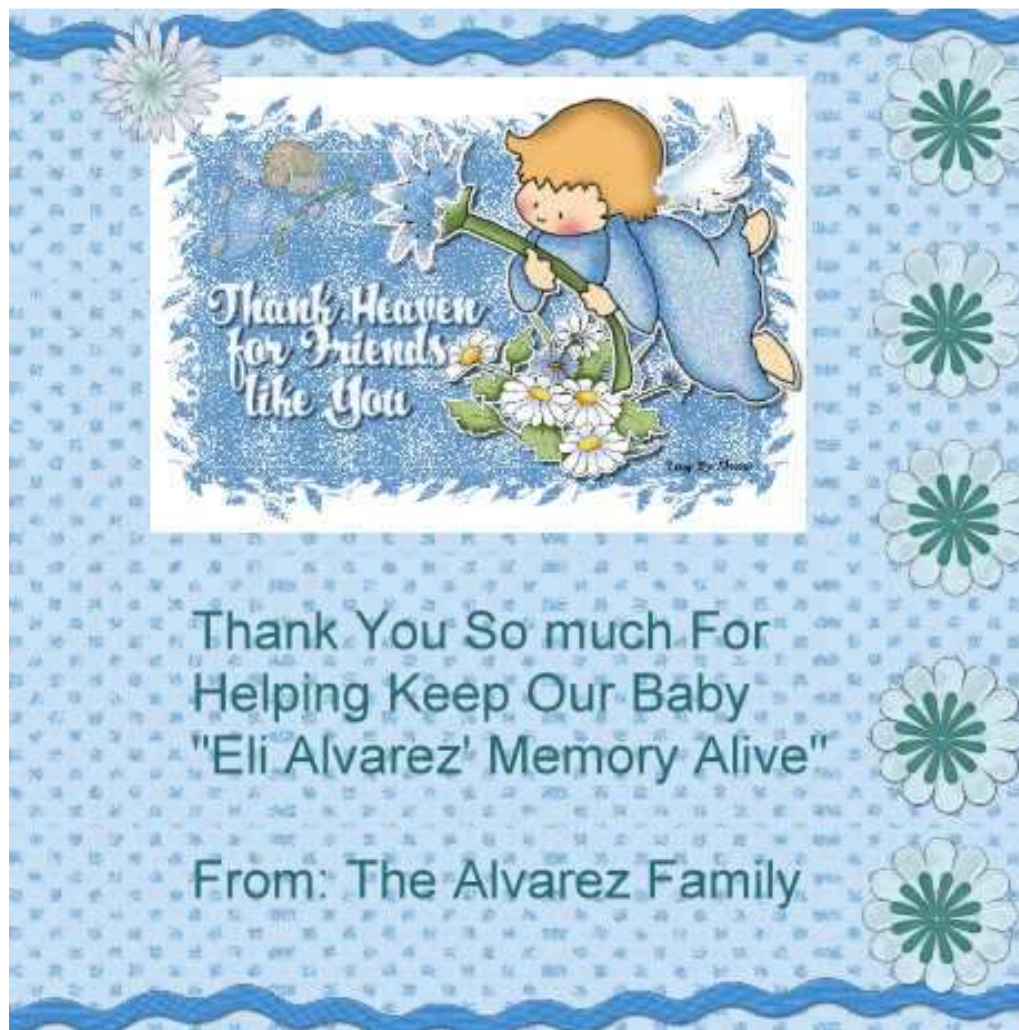

If a song you hear fills you
With a feeling of sweet love
It's a hug sent from Heaven
From someone special up above.

If you awaken in the morning
To a bluebird's chirping song
It's music sent from Heaven
To cheer you all day long.

If tiny little snowflakes
Land upon your face
It's a hug sent from Heaven
Trimmed with Angel lace.

So keep the joy in your heart
If you're lonely my dear friend
Hugs that are sent from Heaven
A broken heart will mend.

TO THE FAMILY OF JORDAN.
FIRSTLY GRANDMA VERESA, YOU HAVE DONE A SPLENDID JOB ON YOUR ANGEL'S WEBSITE. I KNOW HOW MUCH YOU ALL MISS JORDAN. HE REALLY IS A VERY SWEET BABY. I OPEN HIS WEBPAGE EVERY SINGLE DAY JUST TO LOOK AT HIS HANDSOME FACE. I SHOW IT TO ALL MY FAMILY MEMBERS. YESTERDAY WAS SHAWN'S BIRTHDAY AND AS

WE WENT ON SHAWN PAGE, I ASKED IF THEY WANTED TO SEE ONE BEAUTIFUL BABY WHO WAS SENT ONLY FOR A MONTH BY GOD TO GIVE ONE SPECIAL COUPLE THE JOY OF HOLDING AN ANGEL IN THEIR ARMS.

AS WE LOOKED AT JORDAN'S PHOTOS, ALL I COULD HEAR WAS OH MY GOD, HE IS SO BEAUTIFUL. TEARS JUST ROLLED DOWN OUR CHEEKS, BUT REMEMBER SOON WE WILL SEE OUR ANGEL AGAIN. WE ARE ONE DAY CLOSER TO THAT GREAT DAY. THANK U VERESA FOR THE CANDLES U LIT FOR MY BELOVED SHAWN. I MAY NOT SEE U HERE ON EARTH, BUT BE ASSURED ONE DAY WE WILL MEET IN GOD'S KINGDOM, LIKE THE WAY OUR ANGEL SHAWN AND JORDAN HAVE MET. I KNOW THAT SHAWN WILL TAKE GOOD CARE OF JORDAN BECAUSE HE HAD TONS OF LOVE FOR PEOPLE HERE ON EARTH..
GOD BLESS UNTIL WE MEET IN HEAVEN ONE DAY

September 30, 2008

I'm so sorry about your loss. We have met by chance because of the loss of a child and grandchild, and I don't think we will ever be the same. They say it gets better, but as a parent I just can't see that right now. Jordan was a beautiful baby and now is a beautiful ANGEL. I hope my son and Jordan can find each other. My son took comfort in helping people and he loved kids . He could use some love from a child , You all have my Love and Prayers, especially you dad. I know you lost a part of you. No one knows what thats like, it's a part of your heart. Let's hang in there until we meet them again. LOVE AND PRAYERS AND HUGS.

You have a beautiful angel looking over all of you. Thank you Jordan's grandma for all your kind words & pictures on my Sandi's page. I appreciate all your thoughtful kind words & love what you do. I truly know the hurt, it will never go away. I pray for you also that each day will get a little better but I know the hurt will always be there. It has been six long months & I still cry everyday. You take care & may god help you. She had 7 nephews & 2 neices, one which she never got to know, only by a picture. She loved kids and she was a great babysitter & I am sure she has seen your beautiful angel & will help take care of him. She was a wonderful person with a BIG Heart, but could not cope with reality of someone leaving her. I will pray for you everyday Jordan, God Bless You Angel, take care of my Sandi too.

The Legend of the Dragon Fly

September 15, 2008

"Consider"

In the bottom of an old pond lived some grubs who could not understand why none of their group ever came back after crawling up the stems of the lilies to the top of the water. They promised each other that the next one who was called to make the upward climb would return and tell what happened to her. Soon one of them felt an urgent impulse to seek the surface; she rested herself on top of a lily pad and went through a glorious transformation which made her a dragonfly with beautiful wings. In vain she tried to keep her promise. Flying back and forth over the pond, she peered down at her friends below. Then she realized that even if they could see her, they would not recognize such a radiant creature as one of their number. The fact that we cannot see our friends or communicate with them after the transformation which we call death, is no proof that they cease to exist.

Daddy, please don't look so sad,
Mawmaw please don't cry~
"Cause I am in the arms of Jesus
and He sings me lullabies."
Please, try not to question God,
Don't think he is unkind
Don't think He sent me to you,
and then He changed his mind.
You see, I am a special child,
and I'm needed up above
I'm the special gift you gave Him,
the product of your love.
I'll always be there with you
and watch the sky at night,
Find the brightest star that's gleaming,
That's my halo's brilliant light.
You'll see me in the morning frost,
that mists your window pane.
That's me in the summer showers,

I'll be dancing in the rain.
When you feel a little breeze,
from a gentle wind that blows
That's me, I'll be there,
planting a kiss on your nose.
When you see a child playing,
and your heart feels a little tug,
That's me, I'll be there,
giving your heart a hug.
So Daddy, please don't look so sad,
Mawmaw don't you cry.
I'm in the arms of Jesus
and He sings me lullabies

My heart goes out to you, I lost my daughter on 3/16/08, but I was blessed with her for 38 years. She was depressed over a break up but I never expected this, she gave me a ride home from work & I talked to her around 10:40pm, she had been staying with me cause I was worried about her, told me she was staying with friends, she sounded fine & the next morning she was gone, she died around 12:30 pm on March 16th. 1 1/2 hrs after I talked with her. I am still devastated by her death. I ask her to watch over me everyday. I will keep you in my prayers, thanks for the special candle you lit for her.

REMEMBRANCE

You can shed tears that he is gone, or you can smile because he has lived.
You can close your eyes and pray that he'll come back,
or you can open your eyes and see all he has left.
Your heart can be empty because you can't see him, or you can be full of the love you shared.
You can turn your back on tomorrow and live yesterday, or you can be happy for tomorrow because of yesterday.
You can remember him and only that he's gone, or you can cherish his memory and let it live on.
You can cry and close your mind, be empty and turn your back or you can do what he'd want:
Smile, Open your Eyes, Love and Go On.

Words can't express the feelings right now! Happy and relieved, like a ton of bricks are off my chest! This has been a long hard road, and although it doesn't bring you back, it makes closure a lot easier now! Now NO ONE can keep you from us! For some reason, the song "I'll be missing you" by Faith Evans and P. Diddy is stuck in my head....."It's kinda hard with you not around, know you're in heaven smiling down, watching us while we pray for you, everyday we pray for you, Til the day we meet again, in my heart is where I keep you friend, memories give me the strength I need to proceed, strength I need to believe." Jordan, please continue to watch over all of us! It seems like yesterday you just left us lil man! We love and miss you and may your memory live forever!

Mamaw Veresa 9-14-09

It is so hard to come to your page sometimes. It breaks my heart when I realize just how much we have lost in the past 17 months. I was reading some of the comments on this page and I saw one written by my sister Sue. She wrote...

Hey Jordan this is your aunt Sue. You are such a beautiful baby. I know that your mommaw and daddy and the rest of your family really miss you and think about you all of the time. One day I will get to meet you and say hello to you. I will know it is you because you are a shining star that is very bright.

I love you and miss you.

She is with you and now we have 2 shining stars. We miss both of you so much. I know Suebee is taking care of you and giving you more love than anyone can imagine. One of these days baby, we will get to see both of you.

I love you my little angel. You will FOREVER be in my heart. You will FOREVER be my little angel. You and Sue dance with the angels until we see you again.

Love you baby boy ♥

diana

I never got to know you
I never got to hold you
I never got to kiss you
But I'll always miss you

I can't wait to get to heaven and hold you
And sit down and get to know you
I will never stop kissing you
And I will never stop missing you

Mamaw Veresa 2-1-09

My sweet little angel! I know you were there to welcome aunt Suebee into heaven. I also know that you were right here with us, helping us get thru all of this. We all love and miss both of you so much.

Today is my mom's birthday. Tell her that we all love and miss her too. I know Sue is right there with our mom.

Jordan, please stay close to your daddy. Your birthday is going to be so hard on us. It just wasn't supposed to be like this. Never forget how much he loves you.

I love you sweetie. Hugs and kisses. ♥

Mamaw 12-31-2008

This time last year, we were eagerly awaiting your arrival. Oh, how I wish we could turn back time. As we get ready to start a new year, I pray we all find the comfort and guidance we need to help us in keeping your memory alive. I pray your daddy is successful in getting the right thing done concerning you. The time may move forward, but our love for you will never fade. We will always have that in our heart. We miss you more than words can express, but we have accepted what has happened. Your daddy and I had a long talk the other day and we both know you are safe in the arms of angels.

I know you could feel the love your daddy had for you when he held you close to him---that same love is still in his heart. You will always be his "little man". Stay close to us Jordan and visit us as often as you can. We always love the visits. We love you sweetie. ♥

Our little angel in Heaven!

Mamaw 12-14-08

It's been 8 months now and we miss you more and more each day. Fly with the angels baby! We love you. ♥

Mamaw 11-14-08

My sweet little angel ♥ This time of the month is always so hard. I always think about what could have been and what should have been. I thought it would get easier as time went by, but it seems as if it only gets harder. I get angry when I think about how things turned out. I know I shouldn't feel that way, but it is so hard to not be angry. It is something that I work on and I will continue to work on. I find myself crying more often--it doesn't take much to bring on the tears. It seems as if you are always on my mind. I can be cooking, or driving or sitting on the couch and I start crying. I think it's gonna be like this until we get some closure. Something so simple, yet we have to fight for it---nothing new when it comes to anything concerning you. We love you and we will always fight for you. I pray to God that he grants us this one request.

Stay close to your daddy. He loves you and misses you. I know he visits you alot. He tries so hard to do what is right for you.

We love you Jordan. We miss you.

Mamaw 10-14-08

My sweet little angel--I miss you so much. Today is 6 months since you left us to fly with the angels. I hate thinking about that day. The hurt is there as if it happened yesterday. It wasn't supposed to be like this. I take comfort in knowing that you are being cradled by angels. I do not have to worry about you--I know you are safe and happy. I know you are looking down on us and watching over us. I know you visit your daddy alot now. He really needed those visits and he really enjoys them. I love you Jordan and I will forever keep your memory alive, you will NEVER be forgotten. You will always be my little man ♥ Fly with the angels baby, we will see you again one day! Mamaw loves you for forever and a day! ♥

mandy

As I go thru all the memories I feel for everyone who was so close to Jordan and know what a beautiful and wonderful baby that he was. I wish I could have got to spend some time with him. I love each and every one of you all so much and maybe we can visit soon. I haven't seen you guys in awhile.

Love and miss you!!! Mandy

Daddy

Memories are about the only thing I have left of you Jordan, but best believe I cherish every one of them! I can remember from the time I found out I was gonna have my first child---your mommy surprised me as I walked in the door from work. All I could do was squeeze her and cry tears of joy! I was so excited to finally have a child. Then there is the morning I got the call that you were on your way. Man did I make it from Charlotte to Winston-Salem in 45 minutes. I didnt know when you were gonna be here, and I wasnt going to miss it! At 2:03pm on Feb 20th (which is your pawpaw Cole's birthday too), the greatest thing in my life was brought into this world. There was no doubt in my mind that you were mine, you looked just like your daddy....lol. I got to do all the great things, like cut your cord, help clean you up, take pictures and all that good stuff. As I left the hospital to go get your "aunt" Barbara, all I could do was cry! I didnt get to see you much after that, but its ok, bc when I did, YOU knew that daddy loved you and would do anything in the world for you. 1000 times over I wish things would have went different with me and you mom when it came to you, but some things you cant control. All I can say is that I tried every day and every night to be around you, but it just didn't work out that way! I just know that the last time I saw you, I hugged and kissed you and let you know that daddy loved you. I didnt wanna let go, but mommy had to go home and I had to go back to Charlotte. Then there was the morning that changed my life forever...April 14th 2008. That was the worse day of my life.....From there, life has been nothing but hell for me. Jordan, please watch over everyone as we try to get through this and reassure us that everything will be ok.....I LOVE YOU JORDAN!!!!!!

Another month has passed, and the days seem to get a lil easier. Things will never be easy, but son you have given me inner strength that I thought I never would have. I have stood up and faced some life changing moments over this last month, and I've been able to accomplish them because of YOU! I hope what I'm doing in your honor makes you happy, bc we all know that this should have been done a long time ago. Son, all I ask is you watch over your family and our friends as we try to make a difference! We love and miss you!!! Goodnight lil bear.....

Jordan, 3 months ago seems like an eternity. I still can't believe your gone. Things just dont seem right without you here. There is a piece of me that you took with you that I just can't seem to find. I'ts a hole in my heart that I can't fill, or even attempt to patch up. Your mamaw was right, we would be having so much fun with you right now! I've tried everything to just make this pain go away, but it won't. Jordan, I need you more now than ever. I've been under alot of stress here lately, and I just need you to send me some comfort in some way! Daddy is really having a tough time dealing with this. There isn't a day goes by that I don't just sit and cry, thinking of what you would be doing. I call your mamaw all the time in just a crappy mood, but shes a great woman and always seems to cheer me up. Son, best believe that one day, daddy will be back to see you.....and when I do, this time no one or nothing will keep you from me! Daddy Loves You Jordan.....

Today makes 3 months since you got your wings. It seems like a lifetime ago, but at the same time, it still feels like it happened yesterday. It's really hard to understand why, but deep down inside, I know why. God had bigger plans for you sweetie. You would have been 5 months old in about a week. You would have been developing your personality. I can just imagine you spitting food back out because you didn't like it. I can just see you smiling and laughing at something silly someone had done.

At this age, I might have been able to talk your mommy into letting me bring you to WV for a week to stay with me. Boy, that would have been fun. I'm not sure if you would have been able to hold a fishing pole, but we could have tagged along and watched Papaw Charlie catch one for you. I'm sure everyone would have believed the picture of you holding (with some help of course) a big bass or trout! Shoot, we would have even let your daddy pose with one of the fish (hehe). I know you have a big river in heaven and you can fish all day with your little friends. :)

We miss you more and more Jordan. We know you are safe in the arms of God, but we still miss you. You have fun in heaven, and one day, we will be there to share in that fun with you sweetie. We love you!

You know, I have seen many people on here say they have had a visit from a loved one. I always wondered how they knew.

I remember as a child, after my mom had died, I would have dreams of her. For some reason, they never brought me comfort. I don't know if it was because I was young and afraid of death or if it was simply because I didn't understand. The dreams I had of my mom, they weren't dreams of her holding me or comforting me or anything like that, just simply a dream about her. It was always the same dream, over and over. They finally stopped after what seemed like a lifetime.

Today, I laid down to take a nap. I was feeling bad and knew I needed some more sleep. I haven't been sleeping well the last week for some reason.

I had a dream of you Jordan. It wasn't just a dream about you, like I have had before, it was a dream that included you. It was the most awesome feeling. I was holding you, taking you for a ride in a stroller, going shopping, just out having fun.

I had mentioned to your dad that it upset me that in all the pictures we have of you, you were only smiling in 2 of them. One was when you were in the crib in the nursery and the other one was one that your mom said was taken about a week before you passed. It made me wonder if you were always sad. The look in your eyes in your pictures is always a sad look. I hate that.

In my dream, you were nothing but smiles. You would giggle that infectious giggle that babies have, the one that makes everyone around start laughing. You smiled all thru my dream. You have such a beautiful smile! I took a million pictures of that smile. It did my heart good to have that dream. I was able to remember the dream after I woke up, something I am rarely able to do.

I will take that dream to be your sign that you are happy and at peace. That dream gave me something that I never thought I would have. I saw you smile and laugh!

I now know what people mean when they say they had a visit from their loved one. Thank you for giving that to me Jordan.

Jordan, I know you know how I feel about you, but I want to put it into words.

So many things have happened since we found out that you would be a part of our lives. I wish I could turn back the hands of time and change those events.

You would have been my everything. I know that you were far away, but I would have been a part of your life. You know the situation and you know why I wasn't there.

There will come a day when you will be with us again. There will be a day when we can hold you and love you. There will be a day when no one will stop us from being in your life. I can't wait for that day! Your daddy will show you just how much he did love you.

I know you are in a better place, but I can't help missing you. We all miss you so much.

I just talked to your daddy this morning. I am trying to get him to understand that the things he is wanting, they are not important. You are in his heart and he is in your heart, the rest doesn't matter. Nothing will ever change the fact that you are his baby boy. He will be with you again one day.

Your cousin Bryana, she is 3. She was born at 28 weeks. She weighed 2lbs. and 15oz. She was 15 inches long. When she was born, I prayed so hard for her. She finally got to come home after staying in the hospital for a month, and that shows me that prayers do work. She has grown into a beautiful little girl. When I see her, she gives me hugs and kisses. She comes to see me, knowing that I have the "goody" drawer and she can grab her a kool-aid single and a snack cake. She loves playing with Beth. Her eyes light up when she talks about Beth. When I see Bryana, I think of you. I think to myself "this is what we would have done with Jordan". When I pick her up and hug her, I think of you. I will always think about hugging you. The picture is of Bryana...you would have loved her and she would have loved you! You two would have been sooo rotten together, and if we threw Beth into the mixture, nothing would have been safe! <wink>

We love you Jordan!

It's hard to believe its been 2 months. That whole week was one of the hardest things I have ever had to go thru. I was crushed seeing what your dad and mom had to go thru. I knew that when you died, a part of them died also. I only hope that your mommy and daddy are able to pick up the pieces and go on with life, always thinking of you and always remembering the joy you brought them. It all seems like a nightmare. It is still hard to accept that you left. So many things have happened in that short time and so many lives have changed forever. I know that you are looking down on your family and sending your love. Jordan, you will never be forgotten. You will always be the little angel that was loved so much.

Daddy

Wow, has it really been 2 months since you got your wings? Time just flies by. Jordan, there isnt a moment in the day that goes by that I dont think about you. There isnt one day that I dont just sit here and cry. Some are tears of pain and some are tears of joy. I just sit here and wonder "who you'd be today". I cant help but to imagine all the fun we would have. I also know that your in a better place, so that sends me some sorta comfort. Jordan, watch over me as this weekend will be extremely rough. Daddy went tonight to get a tattoo drawn up, and its gonna be a special one for you. I love ya lil man, see you again one day!

I've known Veresa since high school. I've known Billy most of his life. I met Brandy on the day Jordan was born. I went to the hospital with Billy and took pictures, held him and kissed him on the head for his grandma Veresa. The next time I met Brandy, little Jordan was gone. Words cannot express how sorry I am that this had to happen. I am so glad I had to opportunity to meet and hold Jordan and send him a special kiss from his grandma. Love to your family....

paula & todd weidner

Our son Michael Weidner is a longtime friend of Billy and Brandi's. We were blessed enough to have been able to meet little Jordan and spend some time with him about a week before the Lord decided he needed him more than we did. I actually got to hold and cuddle little Jordan during our visit with them and I feel truly blessed to have had that opportunity, he indeed was a very sweet little boy. Billy and Brandi you will continue to be in our thoughts and prayers and you both know if you need to talk, your welcome to stop by our house anytime! You both take care of yourselves and keep prayer in your lives.

love mom & pop Weidner

Daddy

I remember the day you were born as if it was yesterday. Mommy called me at 6am and told me that you were on your way! I rushed from Charlotte to Winston-Salem in around 45 minutes bc I knew the greatest thing in my life was about to happen. When you were born, I could do nothing but cry tears of joy bc I knew then and there that my life had changed. Even though I did not get to see much of you lil man, I could tell that you knew daddy loved you! From the times at dinner to the times at the mall when I could just hold you, it was like euphoria! There was not a care in the world. And no one could lie, you were just like daddy. It didnt matter what we were doing, if a pretty girl walked by, you stopped everything and just stared! Jordan, I want you to know, you will never be forgotten and no one will ever replace you. You have brought me the greatest joy life can imagine! I just want you to watch over mommy and I as we are going through a really rough time dealing with you not being here. But we all know that no matter what, daddy will be able to hold you in his arms again, and this time no one will take you from me.

Wendi Sheek

I saw Jordan, Billy and Brandy in the hospital---and saw how much joy that Jordan brought into his daddys life. I am glad I went and saw them that day. I got to hold Jordan. He was so sweet---he looked just like his daddy. I hate that this has happened to you Billy. You have been a friend of mine for a long time. Lots of love to you Jordan !!!!

The background is a textured, mottled olive-green color. In the upper right quadrant, there are two roses. The one on the left is smaller and more tightly closed, while the one on the right is larger and more open, showing its petals. The roses are rendered in a slightly darker shade of the background color, creating a subtle, artistic effect.

Life Story

every hour, every thought, every smile...

February 20, 2008

Jordan was born Feb. 20, 2008.

He passed away April 14, 2008.

His death certificate states that the cause of death was "probable compressional/positional asphyxiation". That means he died from suffocation. It states that "mother found child between wall and bed".

Little Jordan was only 7 weeks old. I have some difficulty in believing that he rolled between the bed and the wall. A baby who is 7 weeks old will not roll or turn over. I have my own beliefs as to what happened to Jordan. I only wish I could go back to that day, maybe, just maybe, we could have brought some things out into the open. We assumed Jordan died from SIDS and we didn't have much other info because his mother refused to talk to us about what had happened. A lot of things have changed since that day. People eventually talk.

My son, who is Jordan's daddy, he did not live with the mother. He lived in SC with his father.

I remember the Monday morning Billy called me. It was just a little after 8 am. I could not understand what was being said on the telephone, nor did I recognize who it was. The only thing I did know for sure was that whoever was on the other end, they were crying. I was finally able to understand what was being said and I was in shock. The only thing Billy knew at that time was that 911 had been called and paramedics were there. At that time, he was under the assumption that Jordan was still being worked on and that he would go to a hospital. He called me back in a matter of a few minutes and informed me that nothing could be done.

Brandy had called him and said that when she found Jordan, he was cold, blue and was not breathing.

Billy waited for his dad to come home so that he could drive Billy to Winston Salem.

I sent Eddie an email at his work. I informed him of what was going on. I told him that Billy was headed to Winston Salem. I still didn't want to believe what was happening. It all seemed like a nightmare.

Eddie called me shortly after I had sent him the email and said that he had left work---he drove to Brandy's house, but when he got there and saw the police cars, he knew it was true. He said he could

not bring himself to go inside. He called his cousin Joy, and she met him. They waited for Billy to get there.

I notified Barbara (childhood friend of mine) of what had happened. She is such a gift from God. She took Billy under her wing until I could get to NC. She became the mom to Billy and Eddie until I got there.

The next few days are like a nightmare. Things were just so hard to understand. There was so much stress and anger going around. We had 2 families that had known each other for years and now there was so much hate.

Billy was not allowed to be in Jordan's life as much as he wanted, and he had to fight tooth and nail to get to see him. The problems between Billy and Brandy had kept life in such a turmoil.

We all hurt so much for the loss we had suffered.

Our little angel was finally laid to rest on April 18, 2008. I know he is safe in the arms of Jesus. I miss him so much and I will forever wish things had been different, but I will not question God's plan.

We all love and miss our little angel. Rest In Peace little Jordan. I hope you dance, laugh and sing with the angels in Heaven. We will see you again one day. ♥
